

Deep Learning Manual: The Knowledge Explorer's Guide to Self-Discovery in Education, Work, and Life (Paperback)

By Arthur J Murray

Applied Knowledge Sciences Press, United States, 2015.
Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****. As we've moved from the industrial age through the information age, the way we learn has become more impersonal and less effective. From the voracious reading and writing of the past to today's sound bites and multiple choice tests, our fast-paced, listicle and text message world has worked its way into our schools, workplaces, and homes. Learning has become shallow, with little or no connection to the big picture. The Deep Learning Manual helps you hit the reset button and return to a more satisfying and fulfilled learning experience. One that's built on self-exploration and discovery, rather than rote memorization. This easy-to-read book gives you simple tools and techniques that will help you: Make sense in a soundbite world Increase your powers of observation Connect the dots and see the big picture Look more closely at how you learn so you can adjust and learn at a deeper level Break old learning habits that are holding you back Build and grow your personal body of knowledge Clearly express what you've learned...
