## Morbidity and Disability Among Workers 18 Years and Older in the Transportation, Warehousing, and Utilities Sector, 1997 - 2007 (Paperback)

By Department of Health and Human Services, Centers for Disease Control and Prevention, National Institute for Occupational Safety and Health

Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The National Institute for Occupational Safety and Health (NIOSH) is the Federal agency responsible for occupational safety and health research. In collaboration with its many partners, NIOSH is committed to the collection, analysis, dissemination, and use of data describing the prevalence of disease and health risk factors among workers in the United States. The National Academies has urged greater use of injury and illness data at the national level to identify priorities, focus resources, and evaluate prevention program effectiveness. The Occupational Research Group at the University of Miami is illustrative of an extramural partnership which complements NIOSH intramural programs of surveillance and research. Using population health data collected through the Centers for Disease Control and Prevention's (CDC) National Center for Health Statistics (NCHS), they have successfully undertaken a broadly based research program that describes employed workers' disability, disease, health care access, health behaviors and mortality among occupational groups and industry sectors. With the second decade of NORA, NIOSH is developing strategies and programs to better move research to practice within workplaces, using

### Reviews

*The ebook is not difficult in study preferable to understand. it was written quite flawlessly and beneficial. You are going to like just how the author composed this book.*

-- **Leola Smith**

*This is the finest publication we have read through right up until now. Better than never, though I am quite late in starting reading this one. It's been written in an remarkably easy way in fact it is only after I finished reading through this book by which basically altered me, affected the way I think.*
