Having your own garden may not be possible for many of us today busy in the rat race of the 21st century. Nevertheless, there are still many people fortunate enough to have open land outside their houses where they can make their own flower gardens or kitchen gardens. This book is going to tell you how to make an organic kitchen garden for pleasure and also for profit. Just like any other garden, a little bit of planning has to go into making your vegetable garden. It should have sufficient paths in it so that you can wheel about manures etc. in barrows, if necessary. You may also want to remove all the green vegetal rubbish accumulating while gardening. There is absolutely no need for your garden to be all paths if it is pocket-sized and you are strapped for space. In small gardens one path at one side is more than enough. Whatever the size of your organic vegetable garden may be, this book is going back to traditional methods of growing vegetables in a...
