Well God not only gives us the secret, but He shows us how to put it into action every day in the way He parents us. Mothering Like The Father - Following God s Example In Parenting Young Children, looks at six characteristics of God and how He parents us as our heavenly Father. By recognizing those traits, we can incorporate them into our own parenting styles. Prepare to be encouraged as a mother as you closely and purposefully examine how God works in your life. Be ready to more fully understand and embrace God s love for you while recognizing the six key characteristics He uses to help you grow. You can then use these lessons to help your own children develop in the same ways. This book makes those needed passages of scripture easy to access and includes practical examples of how to apply them to our unique parenting styles. It is not meant to preach or tell us what we are doing wrong, but rather to encourage us to look to God for hope and help. It recognizes that we are real-life moms with real-life struggles, and we need ideas we can put to work immediately....
