Springer. Paperback. Book Condition: New. Paperback. 352 pages. Dimensions: 9.0in. x 6.1in. x 0.9in. This volume contains the proceedings of the 21st international conference on the Foundations of Software Technology and Theoretical Computer Science (FSTTCS 2001), organized under the auspices of the Indian Association for Research in Computing Science (IARCS). This year's conference attracted 73 submissions from 20 countries. Each submission was reviewed by at least three independent referees. In a departure from previous conferences, the final selection of the papers making up the program was done through an electronic discussion spanning two weeks, without a physical meeting of the Program Committee (PC). Since the PC of FSTTCS is distributed across the globe, it is very difficult to have a meeting whose time and venue is convenient for a substantial fraction of the PC. Given this, it was felt that an electronic discussion would enable all members to participate on a more equal footing in the final selection. All reviews, scores, and comments were posted on a secure website, with a mechanism for making updates and automatically sending notifications by email to relevant members of the PC. All PC members participated actively in the discussion. The general feedback on the...
