By Jerome R. Corsi

Skyhorse Publishing. Paperback. Book Condition: new. BRAND NEW, The Great Oil Conspiracy: How the U.S. Government Hid the Nazi Discovery of Abiotic Oil from the American People, Jerome R. Corsi, A shocking investigation revealing why greedy oil companies are lying to the American people. At the end of World War II, U.S. intelligence agents confiscated thousands of Nazi documents developed by German chemists unlocking the secrets of how oil is formed. When the Nazis took power, Germany had resolved to develop enough synthetic oil to wage war successfully, even without abundant national oil reserves. For decades, these confiscated German documents remained largely ignored in a United States where petro-geologists and petro-chemists were convinced that oil was a "fossil fuel" created by ancient decaying biological debris. Clearly, big U.S. oil companies had no financial interest in explaining to the American people that oil was a natural product made on a continual basis deep within the earth. If there were only so many fossils in geological time, there could only be so much oil. Big oil could then charge more for a finite, rapidly disappearing resource than for a natural, renewable, and probably inexhaustible one. Once oil is understood as an abundantly...
