paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 176 Publisher: Machinery Industry Press. Pub. Date :2004-01. This book is a reflection of modern lightning protection technology. New materials. divided into seven chapters. from the content system can be divided into four parts. The first section describes the basics of lightning. including lightning and the lightning causes the form of lightning electromagnetic pulse waveform. and spectrum parameters. calculation and lightning parameters such as the modern concept of lightning protection systems. The second section describes the lightning directly stroke and lightning electromagnetic pulse protection issues. focused on building lightning protection. low voltage distribution systems lightning protection lightning protection and information systems. The third section describes common problems of mine: grounding and bonding. The design and construction of grounding device. grounding resistance measurement. The fourth section describes the basics of electrical safety. electrical safety protection devices and measures. This book embodies the combination of theory and practical application. the concept of competency-based. avoiding the tedious theoretical analysis and derivation of the formula. by a large number of examples to illustrate the practical application of modern technology. some basic concepts of lightning protection. illustrated. easy to understand. This book is for the construction of higher vocational education in electrical series of textbooks written in one of the professional. but also as related professional support materials. Engaged in mine engineering design. construction and maintenance technicians. this book is a very appropriate reference. Contents: Preface Chapter I in the form of lightning. thunder and lightning-based Section II with the characteristics of lightning electromagnetic pulse waveform parameters of the third quarter with lightning lightning electromagnetic pulse spectrum IVFour Satisfaction guaranteed, or money back.
