Living Christianity is an important text that arms the modern Christian with insight, history, thought provoking analysis and warnings. In a world of religious ambiguities, coupled with an increasing secularist outpouring, many Christians are left behind in a sea of doubt. The range of questions a Christian may have can be discouraging and the inability to respond coherently to an approaching cynic can demolish an already shaky confidence. Whether you have issues with comprehending the concept of God or you would like to better understand Jesus, this book offers a collection of valuable insights to tough questions and engages your thoughts so you can make your own decisions. Knowledge is the only obstacle to understanding and this book is the answer. In his final semester of graduate school, Travis Mashburn had the fortunate experience of a self igniting spark that transitioned him from bystander to soldier in the fight for Christ. Though his major was electrical engineering, he developed a keen interest in religion and began to question conflicting viewpoints from equally reliable Christian authorities. Mashburns pursuit of understanding merged with a desire to encourage others to learn. He spent three years meticulously going through the entire Bible and summarizing it. He then began handing out the summary to friends, family and anyone else who wanted it. But, as he tried to engage fellow Christians by providing this tool for learning, Mashburn realized that what people really needed was motivation and encouragement. He knew that providing these two things would strengthen the Body of Christ. With that in mind he wrote Living Christianity. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
