ROWMAN LITTLEFIELD, United States, 2006. Paperback. Book Condition: New. Teacher s Edition. 223 x 147 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Here is an extensive integrated unit of study focused on that common and familiar insect-the cricket. In this edition, teachers are given a complete guide and reproducible worksheets for elementary and middle school students. With over 30 different activities on crickets, students learn science content and skills including: \* Taxonomy \* Anatomy \* Ecology \* Mark and recapture techniques for estimating population size \* Reading biological distribution maps, and \* Caring for living organisms in the classroom Many activities involve hands-on science investigations while other activities involve reading, writing, and using graphic organizers to compare crickets to kids and other insects. This book includes learning logs, which can serve as an assessment tool for the teacher and technological applications such as cricket songs, which can be downloaded and played in the classroom. Everything a teacher needs to know or do to successfully teach this unit is covered in this teacher edition. It is perfectly designed for classrooms of any size and is an original and fun alternative to the typical science curriculum.
